Reference letter

We would like you to know that it has been a positive experience working with NEGUS MESSE SERVICE GmbH completing the booth construction for our company at the trade fair The Tire 2018 in Cologne.

We found NEGUS MESSE SERVICE staff to be very knowledgeable, professional and co-operative throughout all stages of the whole process. They were responsive and thorough in addressing any minor issues associated with the project. The booth was constructed in time, according to the approved design and within the discussed budget.

We look forward to working with them again in the future.

Best regards,

Ivan Andres
